

Viewing usage statistics

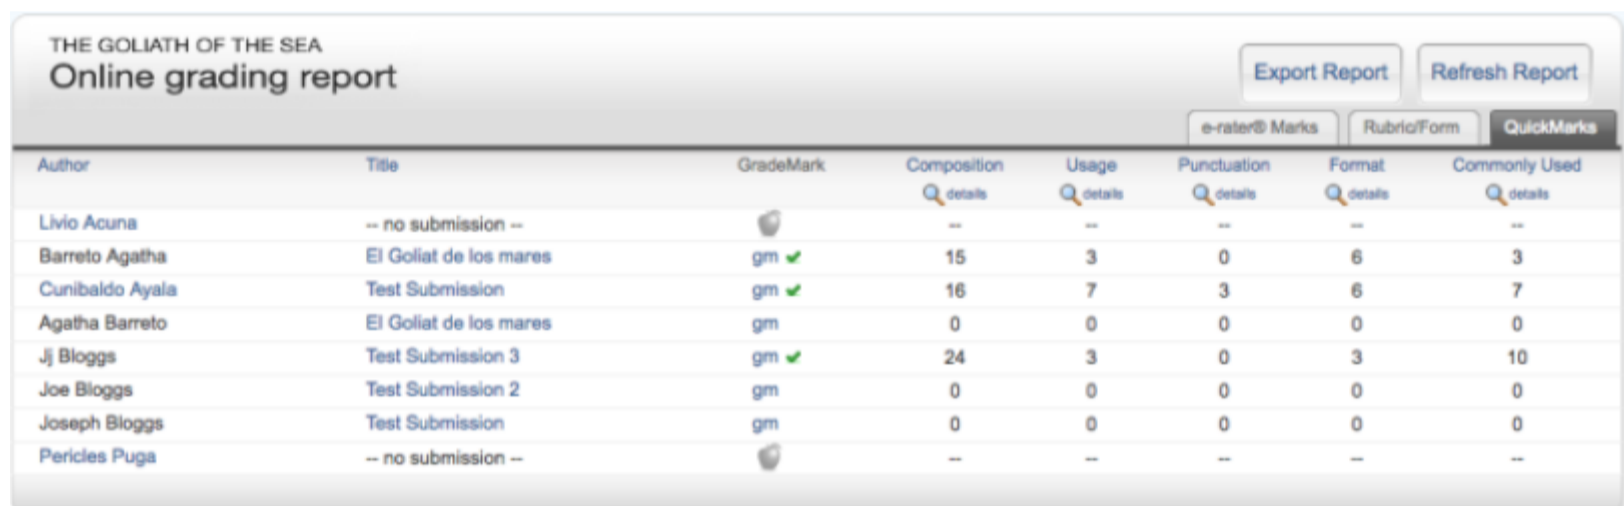

The online grading report shows summary statistics about the QuickMarks, Rubric/Forms, and e-rater marks that have been used to grade an assignment. You can access the online grading report for any assignment from the assignment inbox. The online grading report will give you a break down of the number of grading used from each of the libraries in your account. You can also look closer and see the number of times an individual mark is used from a specific QuickMark set, Rubric/Form, and e-rater category.
